FREE MEDICAL HEALTH CAMP

Date: 10/02/2026

A free school health camp was organised at Rajankuppam Primary school on 10/02/2026. Children screened at medical health camps typically undergo various assessments to identify potential health issues earlier on. Some of the services provided by our doctors were: expert Pediatric consultation, dental screening, oral health checkup, nutritional assessments, anthropometry measurements, vision and hearing tests and awareness on deworming and immunisation. Camp highlights: total children screened: 32, Referral cases: 6 children requiring special care were referred to Sri Lalithambigai Medical College and Hospital for further evaluation. These camps aim to provide accessible healthcare, promote health awareness and support overall child development.
